Specification

4 Travelling Seats 4x4

Description

Imported from Singapore in 2022 this Ex Military Mercedes G240D Wolf has been sympathetically restored and freshened up and is really good condition and drives well. Originally built in November 1990 these vehicles were typically used on border crossings so travelled very little distance. It is powered by a 2400cc 4 cylinder diesel engine developing about 71bhp and 101 lb ft of torque. This is mated to a 4 speed manual gearbox and is four wheel drive with high & low ratios. The hood and interior are in good condition with no rips or tears and the plastic canopy and windows appear to be new. These Ex military vehicles are in popular demand with collectors as they are renowned for being well maintained and their durability and reliability and ability to seat 4 with seat belts. This is a very driveable and showable example that turns heads and generates interest. See more at carsofchichester.co.uk or call in to the showroom to have a look. We are open 7 days a week
